**Re: Radford Army Ammunition Plant, Radford, VA
EPA ID No. VA1210020730, 90 Day Extension Request for Response to First Round
Notice of Deficiency Addressing the Part B Permit Application for the Renewal of
the Hazardous Waste Subpart O Explosive Waste Incinerator Permit**

Dear Mr. Alberts:

The DEQ received your request for a 90 day extension request for the Radford Army Ammunition Plant's (RAAP) response to the Notice of Deficiency (NOD), dated October 7, 2014, for the submitted Part B renewal application for the Subpart O Explosive Waste Incinerator Permit via electronic mail on October 22, 2014. Your request for an extension has been approved and the revised deadline for RAAP's response to the NOD will now be February 4, 2015. As discussed previously, during both DEQ's site visit on June 5, 2014 and the conference call on November 5, 2014, a face-to-face meeting prior to the due date to clarify DEQ's expectations for a complete application and address any question you may have is highly encouraged. If you have any questions regarding the NOD while preparing your response please contact me at (804) 698-4467 or by e-mail at Ashby.Scott@deq.virginia.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Ashby Scott".

Mr. Ashby Scott
